ROTARY DISTRICT 6950 • ZONE 34 • FLORIDA • USA

## EVERYONE BRING ONE

There is always a lot of talk about increasing membership.

There is an underlying pressure to many it seems, to al-

ways talk about and promote membership drives. The reality is that most club presidents would be absolutely happy if their clubs experienced a growth of a mere 5 to 10% over the course of their year. And in my years within the Rotary organization I have found that in many cases it is the same leaders who bring in the new members on a regular basis. I suggest a simple, powerful and dynamic change that could literally shake our District as well as make a powerful statement to the organization at large. I learned to follow that simple phrase "keep it simple stupid" many years ago, and while I have never considered myself stupid by any sense of the word, THIS is a most simple approach

Let's not shoot for a five to ten percent increase in membership over the next year. Let's do something amazing! Let's DOUBLE our membership in one year!

### EVERYONE BRING ONE

You read that right. I am proposing that each and every active member of District 6950 bring a guest that joins the

club within the year. That simple! This is a reasonable realistic expectation which I know each one of you can accomplish!

Rotarians have different ideas on how to increase membership. You can analyze this until the cows come home. There is no secret formula to membership growth. Membership growth takes a little effort, determination, and of course, enthusiasm. You want to share Rotary, RIGHT!

Let's keep it simple. I would like you to go out and "Find ONE and bring ONE". It's that simple. And in the larger scheme of things I would like "EveryONE to Bring ONE

### EVERYONE BRING ONE

Ok, so you have brought in a new member. Now what?

In the long run, the growth of our clubs and District depends on several factors. To keep members involved, Rotary must be of value to the member starting from day ONE.

1. Interesting Club Meetings: Effective club meetings that make Rotary worthwhile for new and veteran members alike are very important. Meetings should be interesting, varied and entertaining for the membership. Rotarians should attend meetings because they want to.

And don't forget, meetings should begin and end on schedule. Who wants to waste an hour on a boring program? People have limited time. They will join and remain in Rotary if they recognize the value to be worthy of their time invested.

2. Cater to Them: Regularly scheduled social events are important. Remember, Rotary was founded on the idea of fellowship and networking. Events away from the club give members a chance to "mingle" Encourage all members to

bring guests to club functions.

3. Engage Them: Give Rotarians the opportunity to make a greater impact. Remember, we are much stronger working together rather than alone.

4. Recognize Them: Identify and understand who our Rotarians are, what they value, and the relationships and experiences they seek. Find out why they joined Rotary and why they want to stay in Rotary.

5. Build Value: Make your club attractive to the new generation. Rotary has a lot to offer for the younger generation including building proficiency in leadership development, business ethics and public speaking skills. We need to provide them the value they seek!

6. Promotion: Continuous marketing of Rotary throughout our communities and District. Think outside the box (or as Governor Roger Proffer likes to say "what box?!"). The world has changed a lot in the past 108 years, especially in the past twenty-five years. I cannot necessarily say that Rotary has, especially at attracting younger members.

7. Networking: Remember, Rotary was founded on the idea of fellowship and networking. Paul Harris himself started Rotary to network and make friends. Embrace this as a valid part of Rotary. Clubs should continually advance the "Object of Rotary" by developing acquaintances with local businesses, professionals, managers and community leaders.

8. Retention: We spend a lot of energy attracting people to Rotary, but unfortunately, at times do not provide them the reason to stay in Rotary. All the factors listed above (and many more) should be taken into account to gain and retain members. The value of mem-

bership to a Rotarian must be greater than the time invested and the cost of the membership.

People join Rotary because they want to build new friendships, network, be involved in the community and volunteer their time in a meaningful way, and feel like they are making a difference. We must help our members get excited about the ways of Rotary and provide them with the opportunities to achieve their needs and desires.

One of the true measures of an effective Rotary Club is the ability to attract and retain members.

There is always a lot of talk about increasing membership? It's really simple.

## My Journey with Rotary

— Morena D'Alma, returning RYE student

My journey with Rotary started with my aunt. She lived a similar experience as an exchange student when she moved from Brazil to the United States over twenty years ago. She always talked about the organization and helped me get involved with the Interact Club at Land O' Lakes High School.

By my senior year, I was fulfilling the duties as President of the club and planning my year abroad in Germany. It had always been a dream of mine to travel the world, but due to personal circumstances, the dream always seemed a little far-fetched. However, after seeing Doug Lobel and two other exchange students speak at a meeting for Interact Clubs, I realized that maybe my dream wasn't too far out of reach after all. After the application and interview process, I was chosen and because of hard work and the kind hearts of Rotarians, I was able to finance my incredible year abroad.

For ten months I lived in one of the most breathtaking places I have ever seen. The town that I lived in is named Dachau and it lies twenty minutes outside of the center of Munich, Bavaria. I learned how to take risks, how to not stress so much. I traveled more than I ever imagined. I made relationships that will last a lifetime. I learned a new lan-

guage, I mastered public transportation, I learned so much about myself. I was able to see the world from a different perspective. I hiked mountains, I saw snow for the first time, I explored castles, and I experienced Oktoberfest. I gained new families, I made best friends and ultimately, I made Bavaria my home.

Nevertheless, I would be lying if I said my exchange was not hard. I had to basically start over all by myself. I felt like a baby again. I had to learn how to communicate, I had to try new foods, I had to make new friends, I had to develop an even greater sense of awareness, I had to get lost multiple times in order to grasp my surroundings, I had to learn how to understand signs and billboards. My life was based on a series of guesses. There were times where homesickness hit me hard. But with those tough times, I became even more motivated to make my exchange amazing. After all, if my exchange was easy, what would I have learned?

I left my heart in Germany. I feel like that is now my home; as if I have always belonged there. As a result of this once in a lifetime opportunity that I have been blessed with by Rotary, I will now be returning to my adopted home in 2015 to receive a free education at the Ludwig Maximilian University of Munich. Rotary has changed my life in ways I never thought possible. Because of this wonderful organization, I will now be able to continue achieving the aspirations many people once called "crazy." Thank you Rotary, for the best year of my life.

## *SPC Policy Solutions Institute Honors Senator Dennis Jones by planting Sea Oats*

*Volunteer Rotarians Gene Stern and Dr. Sandra Lilo*

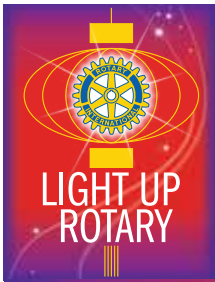

On February 21, 2014, the SPC Policy Solutions Institute presented its first Annual Distinguished Service Award to retiring Senator Dennis Jones. Senator Jones had a tremendous impact on our community in the 30 years he spent in the Florida Legislature representing the Seminole and surrounding areas. One of his lasting legacies was to preserve the quality of some of the finest beaches in the world by making sure there would be perpetual funding of beach re-nourishment to the point that Senator Jones was known as The Sandman.

At the February 21st Banquet in his honor, each table held a Sea Oat center piece that was to be planted on the beaches of Treasure Island. On Saturday, June 28th, over 50 volunteers, along with Senator Jones and his Family planted over 5600 sea oats on the north end of the Treasure Island Beach as a lasting tribute to our Senator "Sandman" Jones.

### Presentation of Honor Bell to Seminole Fire Department

The Seminole Lake Rotary Club has always had a close tie to the Seminole Fire Department. Past Fire Chief Jim McConnell, past Chief George Bessler along with past Deputy Chief Doug Meyer are current members. The Club had presented an Honor Bell to the Fire Department and members of the Department Honor Guard conducted an Honor Ceremony at the meeting this Friday, July 18. Lt. Scott Eddinger recounted the history of the Honor Bell and the Honor Guard and how tolling the Bell is used to memorialize fallen members of the department.

Current Fire Chief Heather Burford, Deputy Chief Terry Tokarz along with Firefighter and Honor Guard Jeremy Newton attended along with members of the City Council (Jim Quinn and Tom Barnhorn) and executive staff of the Chamber of Commerce (Roger Edleman and Gretchen Wells).
