

# **March is Rotary Literacy Month**

For more than a century, Rotarians have joined together from all continents, cultures, and industries to take action in our communi-

ties and around the world

Rotary has focused its efforts in six areas, which reflect some of the most critical and widespread humanitarian needs. These are our six areas of focus.

- Peace and conflict prevention/ resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development

This month we are going to focus on Basic Education and Literacy.

All Rotary clubs and districts are eligible to apply for global grants from The Rotary Foundation to support sustainable activities with high-impact results in one or more of the six areas of focus.

And I can tell you that we currently have plenty of money available to our District for these projects. Just ask your Club, Area or District Foundation chair for direction to help your club develop a project.

You can also apply for district grants. Some clubs are already supporting projects, such as the Dolly Pardon's Imagination Library, dictionary projects, and Upward Bound, just to name a few.

On a personal level, many Rotarians donate their time helping out in our

schools and libraries. Some people serve as mentors and in other after school programs.

This falls right in with Rotary's <u>Guiding Principles</u> and specifically the Second Object of Rotary which addresses Vocational Service.

- The recognition of the worthiness of all useful occupations
- The dignifying of each Rotarian's occupation as an opportunity to serve society

You can find many good ideas with Rotary's <u>Literacy Project Guide</u>. Please see District Literacy Chair Marianne Grabowski's interesting article elsewhere in this newsletter.

#### See you at the River

Our District Conference is scheduled for May 1st and 2nd at the <u>Plantation Inn</u> in Crystal River. Revel in classic Florida at its finest.

Come and enjoy a great experience in a beautiful setting at the Plantation Inn.

Step back in time and relax at this beautifully landscaped property right on Kings Bay and the Crystal River. The staff is great and the grounds are amazing. The rooms are spacious, neat, comfortable, and very reasonably priced. Registration will be available on our DacDb website very soon.

You will enjoy true southern hospitality at our 2015 District Conference location.

In addition to our Rotary events there will be many activities for you and your family. The Plantation Inn sits on the water with plenty to do if you want to relax; pool, hot tub, volley ball, horseshoes, shuffle board, croquet, outdoor bar and 27 holes of golf, all right on the property. And there is much-much more including river tours to three sisters springs, salt and fresh water fishing, manatee tours, kayak and boat rentals, swimming and diving, bike trails, tennis and plenty more!

# An easy way to become involved in Rotary

I believe everyone is aware of the significance of Membership. The most important obligation a person accepts when joining a Rotary club is to share Rotary. The policies of Rotary International clearly affirm that Membership Development is RI's highest priority and

every individual Rotarian has an "obligation to share Rotary".

Here is the bottom line. The more Rotarians we have the more good deed we can perform for our communities, so it's a win-win situation.

I am asking that all Rotarians go out and find a

qualified new member. Try this, go outside your business or home and look to the right, look across the street and look to the left. There is bound to be someone in your business district or neighborhood who would qualify as a good Rotarian. If you don't see anyone there, then what about your doctor, insurance agent, attorney, accountant, clergymen, financial advisor, et cetera. There are future Rotarians out there, they just need to be invited!

The New Member Sponsor Recognition Program is an exciting new initiative approved by the Rotary International Board of Directors this past year. It honors Rotary members who sponsor new members. Here is a link.

I would like you to introduce a new member to Rotary and I would like to see more of our members proudly wearing the new blue recognition pins. \*\*:

As Governor, I am asked to nominate individuals whom have demonstrated outstanding Service to Rotary. Recently I had the opportunity to nominate

someone from our District for the RI Service Above Self Award.

The nominee must have demonstrated exemplary humanitarian service with an emphasis on personal volunteer efforts and active involvement in helping others through

Rotary. The award is not given solely in recognition of one's performance in an elected or appointed Rotary assignment or personal financial contributions to The Rotary Foundation.

The Rotary International Service Above Self Award is an internationally competitive award granted to a maximum of 150 Rotarians per year, world-wide, who are examples of Service Above Self.

I would like to acknowledge PDG Carl Treleaven as a recipient of the Service Above Self Award this year. Congratulations Carl!

# BELLEAIR ROTARY CLUB WILL HAVE ITS 9th ANNUAL WINE & TAPAS EXTRAVAGANZA APRIL 20, 2015 SAVE THE DATE!

Belleair Rotary Club is having its annual fundraiser Monday April 20. 2015 between 6 - 9 PM. This year it will be at the Belleair Country Club in Belleir. Over the years this event has raised over 150.000 dollars, and supported organisations and charities such as Belleair Elementary School, UPARC, Salvation Army, Polio Eradication, Rotary Foundation, and La Clinica Guadalupana. The gala is expected to gather hundreds of wine-and-food loving guests. Also this year there will be a Casino Style Event together with Silent Auctions and Entertainment by vocalist Erica DiCeglie.

The supporters include many great local restaurants that will serve delicious appetizers and desserts. Once again Luckens Liquors is the wine sponsor.

Tickets are \$50 in advance and will available online at www.BelleairRotary. org, or from a Belleair Rotary member.

As a woman with two grown children, I look back when my girls were younger and some of my fondest memories were reading to them. Each of them had their favorite books and we would sit together on the couch or bed with the covers wrapped around us and they would listen attentively as Winnie and Pooh and his friends come to life. Both my girls are now women in their own right with successful careers but statistics show that as many as 23% of the adult American population is functionally illiterate, lacking basic skills beyond a fourth-grade level.

While this alone is sad, the effects can be felt in many other ways also. If an adult cannot read medical directions or prescription labels health problems escalate. Having limited skills in the workplace costs the employee and the employer. It is estimated that American businesses lose more than \$60 billion in productivity each year to employee's lack of basic skills. The population in the correctional system is approximately 60% illiterate.

Unfortunately, these problems do not stop there. The saddest casualty of illiteracy are children who are affected by intergenerational illiteracy. These children generally begin life behind their peers and their parents are unable to provide the kind of support needed for the child to do well in school.

To break this cycle, a number of the

Clubs in our District are doing their part: books are donated in the name of the speakers to local schools, libraries and organizations; dictionaries are given to third graders throughout Citrus County; fundraisers are done with the money being used for scholarships; clubs provide rewards to students through the local system to celebrate their achievements in reading or other areas; members attend the schools or other non-profit organizations and read to the children or help them with their reading skills.

While I have focused on illiteracy in American, this problem is global. Quite a few of our Clubs have been supporting literacy beyond our borders by creating a library in Moldova, or by providing meals to schools in under-developed countries. By doing this, the families send their children to school, even the girls, where they learn to read.

The projects listed above are only a small fraction of what our District Rotarians do to support this extremely worthwhile cause. I applaud all of you for your efforts but I also challenge you. During the month of March, examine what your Club does for Literacy and see if you can go a step further. As with the eradication of polio, wouldn't it be nice if someday we can say "We are this close to eradicating illiteracy!"

# LET'S GET SOCIAL ...

As Rotarians we are by our mere nature, considered leaders by many. So why is it that we should do anything but take a leadership role in driving social media and developing new trends as well.

When you pull back and look at the big picture you would see that in the United States there is more attention given to Facebook between the hours of 7pm and 11pm than to national network television.

That is not to say that we do not watch TV, it simply means that we watch it from our computers, or with a mobile device in our hands. We post, text, chat, SHARE, look at other videos and more. As for videos, when we start down that rabbit hole, we seem to go deep because according to Google, the typical person on a computer at noght is watching or posting an average of 9 minutes each evening. We use our social media (primarily Facebook) for making purchase decisions, information, support, communication with family, friends and to network building new relationships as well. We are also using Instagram at a new level.

Are you helping to market/share the Rotary Brand?

# Rotary 6950 Facebook Pages:

Like a friend's profile, Facebook Pages enable public figures, businesses, organizations and other entities to create an authentic and public presence on Facebook. Unlike your profile, Facebook Pages are visible to everyone on the internet by default. You, and every person on Facebook, can connect with these Pages by becoming a fan and then receive their updates in your News Feed and interact with them.

We utilize the District Facebook Page to largely reach out to your communities at large. We use it for posts of local and international events and to communicate both to our members and the potential members who stop by to explore. This is a great place for us to reach a new audiennce. Facebook Groups: While Pages were designed to be the official profiles for entities, such as celebrities, brands or businesses, Facebook Groups are the place for small group communication and for people to share their common interests and express their opinion. Groups allow people to come together around a common cause, issue or activity to organize, express objectives, discuss issues, post photos and share related content.

One segment of the social marketing segment that is hugely popular already with 15 to 25 year olds is Instagram. The surprise to few though is that the 25 to 55 age bracket represents its largest growth over the past year. Why?

Simple answer is that it is mobile device friendly and very quick to see a lot of images in a short period of time.

For those of you who do not have a Facebook account, simply click **HERE** and start now. The whole process will take about four (4) minutes and you will be on your way. In the event you need to set up a NEW Instagram account do yourself a favor and do this from your smartphone. It will save you a lot of time. Just go to the APPLE STORE or GOOGLE PLAY, download the app and you are on your way.

Be sure to post some of your local club activities and also TAG your photos with #rotary6950. That way we can begin to SHARE in the photos you post as well. Try it, you'll like it!

# "LET'S GET CONNECTED"

District 6950 access on your DACdb could not be easier to set up. In fact, they include dorections at the link (to follow) that will guide you to access from any iOS, Android, Blackberry, Windows or webOS device. So I think you are covered no matter what platform you need.

Simply click **HERE** to find the installation instructions!

# **Enhance Your Leadership Skills In The Rotary Learning Center**

By Arnold R. Grahl, Rotary News

Professional development is right at your fingertips with the Rotary Learning Center, which offers members a range of interactive courses on navigating Rotary's online tools and developing leadership skills to prepare for new Rotary roles.

Anyone with a My Rotary account can take a free course in the Learning Center. Among the many courses available are How to Run a Webinar, How to Propose Legislation, Rotary Club Central Resources, and role-specific selections.

Get started by finding the Learning Center under the LEARNING & REFER-ENCE tab on Rotary.org. If you are already registered on the site, you will have a profile. If not, it's easy to create an account. From the MY PROFILE tab, you can modify your profile, find announcements about new and upcoming courses, and join a community to discuss what you're learning.

A great way to begin is by viewing the How to Navigate the Learning Center video tutorial, which covers what's available and how to make the most of it.

The center's catalog allows users to browse a list of subjects or see a complete rundown of all the courses offered. When registering for a course, you can either proceed to the material immediately or save it for later, returning to it from the MY COURSES tab.

Course material is provided in a variety of formats, including PDF and Word documents, interactive e-learning modules, and videos. Only some e-learning

modules have audio, but all of them enable you to decide when to go on to the next screen.

A bar at the top of the screen marks your progress through each course. And a snapshot of all the courses you have registered for is available with the COURSE HISTORY tab, which also enables you to print a certificate once you have completed all requirements. Some district leaders require attendees at inperson training sessions to bring a printed certificate to ensure that they review relevant material before their session.

"This is a great way to use the center," says Adam Arents, Rotary's supervisor of learning technology. "It's better preparation than emailing a list of documents and saying, 'Please read these.' "

If your district sponsors fellowships or scholarships, you'll want to point recipients toward the Orientation for Scholars, Vocational Training Teams, and Peace Fellows course.

One of the most popular courses is Strengthen Rotary, which teaches members to incorporate Rotary values into everyday activities. The Rotary Club Central Resources course, another popular offering, helps members set goals and improve membership information.

For the first time, a required course has been added for representatives attending the 2016 Council on Legislation.

And a committee of British trainers, working on behalf of Rotary International in Great Britain & Ireland (RIBI), has developed a course covering RIBI poli-

cies and practices. The team is preparing other courses for a more global audience.

Rotary's Learning Center is "a powerful tool," says Arents. "Many Rotarians don't realize the extent of what is there and what's useful for them. We're working to change that."

Deadline: March 25, 2015 for next issue

Greetings District 6950,

The month of February flew by! I have now been in Scotland for nearly six months. There are still so many things I want to see and do.

The month of February has been relatively quiet as far as Rotary events. I've been attending the weekly meetings for the Portobello Club. I attended the Ro-

tary's Young Musician Competition; this is a Rotary International of Great Britain and Ireland (RIBI) initiative. Each club hosts a competition at the local high school then they sponsor the winners to go onto the area final, then the district, and so

on until it is all of RIBI. I attended the area final with Ken, one of the Rotarians from the Portobello Rotary Club. It was really nice to see the Rotary clubs work together for the local youth. It was also amazing to see all of the talent these young people had; I really enjoyed it.

I have been going to quite a few schools to

meet with the headteachers to get approval to do research at their school for my dissertation. I have also been volunteering at a local youth organization that a Rotarian from the Edinburgh Breakfast Rotary club helped me with.

As far as my courses, I feel as if the reading is never ending. It is an extremely heavy course load, but I am doing my best to manage it all.

In between it all, I try to make the best of this experience. One day some friends and I went to Stirling to see the tapestries at the castle. I also went hiking at Ben A'An; that was quite fun, but I fell down five times!! My program had a potluck, and everyone

brought food from their home culture which was quite delicious. I hosted a Chinese New Year at my flat, and we made hot pot.

I hope you are all enjoying the sunshine. Actually, the weather has not been that bad here and the sun has been shining. It has made me quite happy.

As always, follow my blog <u>here!</u> Yours in Rotary, *Ally Vincent* 2014-2015 Global Grant Scholar

# OBJECTIVES OF The Tampa Bay Fleet of the International Yachting FELLOWSHIP of Rotarians:

Basically we enjoy boating and social events (on land or water) with other IYFR members locally, regionally and internationally. No need to own a "boat"! Just having an interest in nautical stuff qualifies you. There are some 3200 of us around the world; as in Rotary, you will find a friendly helping sailor's hand wherever you travel. We promote maritime Rotary fellowship through our mutual interests in cruising, yachting, racing, sailing, kayaking and simply any other activities involving marine matters, boats and boating. We also seek out helpful connections with maritime industry and maritime institutions. All the while promoting high standards of seamanship and abiding by recognized yachting customs and etiquette on the

We are the oldest and largest of the Rotary Fellowships. It began in England in 1947 and has grown to 107 fleets, with more than 3200 members in 32 countries. Our Fleet covers the South Central West Coast of Florida – four Districts – Cedar Key to Naples to Orlando. IYFR Link: www.iyfr.net

# **Schwettman Interact Officers Inducted**

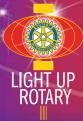

Schwettman Education Center students were inducted as officeras for their schoolas Interact Club during a recent Trinity Rotary Club meeting. As an alternative school, Schwettman students have to earn a place in Interact. They must achieve attendance, grade and behavior goals to be eligible. Interact is a big honor for these students and they are very excited about the opportunity. Theyave committed to raising money for Pure Water for

the World, ALS and hosting roundtable discussion to help the male students relate and get advice on issues they face, like Anger Management and Communication. In Interact officers also sold Valentine candy at the meeting to support their fundraising efforts.
